

Summary of Sentiment on Google Stock Reddit Discussion:

- **Total Comments Analyzed:** 193
- **Sentiment Distribution:**
 - **Neutral:** 92 comments
 - **Positive:** 72 comments
 - **Negative:** 29 comments

Key Observations:

- **Neutral Sentiment** dominates, with many users expressing uncertainty or discussing both risks and opportunities.
- **Positive Sentiment** is significant, especially among users who see a potential stock price drop as a buying opportunity.
- **Negative Sentiment** mostly centers around skepticism of Google's future due to regulatory risks or comparisons with outdated tech giants.
